## The benefits of LOBA WAKOL Connected Systems for Wakol levelling compounds and LOBA StyleFloor

- Outstanding compatible products by intense cooperation in product development
- Maximum safety for your installation through a wide range of application tests
- Long-term quality control due to continuous testing when adjusting recipes
- Reliable work within a system with comprehensive set-up recommendations and detailed step-by-step guidance

Our strength is your strength – and your success!

### Set-up

For greater design flexibility, the mineral floor covering **LOBA StyleFloor** is applied over **Wakol levelling compounds**, with the subfloor prepared using the **LOBA StylePrep** primer. Color and application method deliberately influence the appearance. The new floor covering is then finished with LOBA products.
